Dear Mr. Weisberg:

Thank you for the impressive comments which you sent to Harry Reasoner.

We have been casting a fair number of motes for sometime at CBS but we would be very happy to take a look at any you might have in mind. We have several series at this station (it was this station that produced CONFORMITY and not the CBS Television Network) for which we are constantly on the look out for new material.

If you wish to send something for us to take a look at we would be very happy to do so.

Again, thank you for your interest.

Very truly yours,

George Dessart
